

PRODUCT INFO

DESIGNATION
helijardim vita

PRODUCT CODE
110 205

MATERIALS
Material: Flexible PVC with polyester yarn.

STANDARDS
Heliflex internal requirements.

3D

TECHNICAL FEATURES
UV resistance; Flexible;
Resistance to medium
pressure; Non-toxic.

sofistication meets efficiency

Description

Flexible 5-layer PVC hose reinforced with high-quality knitted textile, anti-twist and anti-kink. The high-quality crystal PVC cover ensures resistance to UV attacks, with post-industrial recycled PVC in its middle layer and blue inner layer ensuring excellent robustness, flexibility, and crush resistance. This combination achieves a reduction in its ecological footprint.

Application Areas:
Mainly in the garden, a range of uses in the house and conveying water in general.

Main features:
Light hose for medium pressure, with tricot braiding.

Temperature:
-10/+55°C

Presentation:
Colour: Transparent with grey and white stripes. Inner layers in blue and black.
Available in lengths of 15, 25 and 50 meters, depending on the diameters.*
Nota: Other colours, diameters and lengths available upon request.
