MATERIALS

Flexible PVC with NBR and polyester yarns.

STANDARDS

Manufactured according to ISO 1401 standard.

3D

TECHNICAL FEATURES

Flexible; Chemical resistance; Perfect adhesion between layers.

technology designed for professional cultivation

Description

Flexible hose made of PVC with NBR and reinforced with polyester threads, mainly used in agricultural spraying. Manufactured according to ISO 1401 standard.

Application Areas:

Mainly used for medium pressure agriculture spraying, motor sprayers and tractor sprayers.

Main features:

Flexible hose manufactured in PVC with NBR and reinforced with polyester yarns.

Temperature:

-10/+55°C

Presentation:

Colour: Yellow with white stripe.

Available in lengths of 50 and 100 meters.*

Note: Other colours, diameters and lengths available upon request.

Marking:
