

PRODUCT INFO

DESIGNATION

heliflex piscina premium

PRODUCT CODE

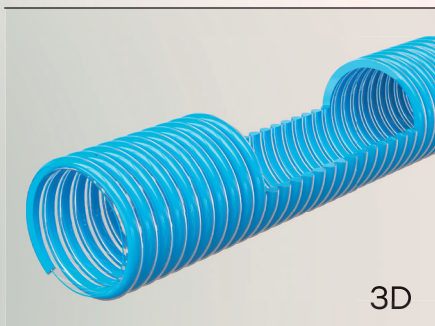

120 046

MATERIALS

EVA and polyethylene, with spiral in polypropylene.

STANDARDS

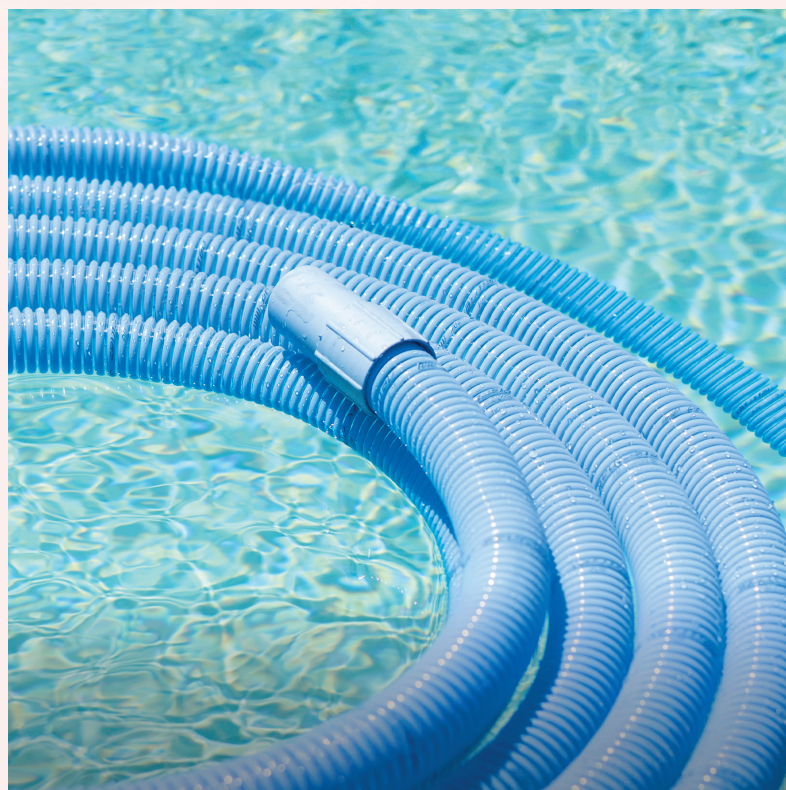

Heliflex internal requirements.

3D

TECHNICAL FEATURES

UV resistance; Light-weight;
Floating hose; Medium
resistance to vacuum pressure.

vacuum like a professional

Description

Spiraled hose made of high-quality EVA, enhanced for increased resistance to chlorine and salt. Its PP spiral provides better traction, buoyancy, and crush resistance. Transparent wall for improved visibility.

Application Areas:

Cleaning of swimming pools. Designed to be integrated into automatic cleaning systems or manual cleaners.

Main features:

Flexible, transparent and floating hose. Blue threaded fittings. The Heliflex production system allows the tube to be transparent, facilitating monitoring of the cleaning process and detection of any anomalies in the pumping system.

Temperature:

-5/+45°C

Presentation:

Colour: Blue.

Available in lengths of 25 and 50, depending on the diameters.*

Note: Other colours, diameters and lengths available upon request.
